Company : Ochsner Health

Position Job: Athletic Trainer

Job description:

As an Athletic Trainer, you will play a vital role in the prevention, treatment, and rehabilitation of injuries for our patients. You will work closely with our physicians and other healthcare professionals to develop and implement treatment plans that meet the unique needs of each patient.

Preparation:

How do you plan on keeping up with current trends and advancements in athletic training?

Describe a challenging situation you faced in a team environment and how you resolved it.
Can you tell us about your coursework in athletic training or kinesiology?

1. State Licensure and Certification: Ensuring compliance with state regulations regarding athletic training practice and maintaining certification from the BOC.

2. Health Insurance Portability and Accountability Act (HIPAA): Protecting patient confidentiality and privacy when handling medical records and treatment information.

3. Safety Protocols: Adhering to safety guidelines and protocols for managing injuries during practices and competitions, including conducting pre-participation physical exams.

4. Continued Education: Committing to ongoing education and training to stay current with advancements in athletic training, rehabilitation techniques, and injury management.

5. Collaboration with Medical Staff: Working within a multidisciplinary team, ensuring open communication with
